FUTURE FIRES

Revolutionary fire of the future  
PANORAMIC FX1 WOOD BURNING

[www.futurefires.co.uk](http://www.futurefires.co.uk)

Futurefires presents a revolutionary design to the world of wood burning stoves- Panoramic FX1.

Panoramic FX1 with its advanced clean-burning technology is a traditional, clean and efficient way of burning fuel which can provide an effective source of heat. It can burn for longer and also comes with an optional multi-fuel conversion grate. Our stoves are easy to operate, clean and can be left burning for several hours before refuelling.

With a captivating and aesthetic design that will not only warm your space effectively but also becomes the centre of attraction of your living room. The elegant elliptical stove design with its extra large viewing window will suit all spaces and stuns from all angles and gives the appearance of a large open fire. And more interestingly, you can select the colour scheme of the front panels to match your decorations and furnishings.

We have designed Panoramic FX1 focussing on it being environment friendly. Our wood burning stoves come with an Airwash system that helps you take much less time when cleaning the stove. The Airwash technology stops the glass from getting tarred so the glass will stay clean even after many hours of usage.

We at Futurefires manufacture wood burning stoves by hand in the UK at our South Yorkshire factory. We make prompt deliveries on the date specified and will inform you prior for delays during peak seasons.

For the most contemporary and stunning wood burning stove on the market contact us now!!

## WELCOME TO BRACKEN MOOR

Hello and welcome to the first of possibly three home games in eight days.

NPL Premier Division Atherton Collieries join us after making the trip across the Pennines from northwest Manchester. Having started the season with a win against local rivals FC United, league form has been up and down and now sees the Colls in 18<sup>th</sup> place. League position however doesn't tell the full story as all the results have been extremely close ending in either a draw or only a loss by one goal.

Should today end in a draw the replay will be on Tuesday, meaning the home game against Long Eaton will be postponed.

The Bank Holiday weekend was a tale of what could have been with the closing stages of both games deciding the distribution of the points on offer. Against a strong Stockton team we were unfortunate not to come away with three points, conceding the equaliser as it rolled over the line with numerous (almost comical) attempts to clear the ball and for the second, engineering our own downfall giving away far too many free kicks in dangerous areas when we should have shut down the game. This was addressed by Ian in the post-match interview (available on our YouTube channel) and will no doubt be put right in due course. Although the result was disappointing the way we matched Stockton shows the advances the players have made in a short time.

The Sheffield game was a tight affair with neither team stamping authority on the match until the team from Derbyshire's goal looked like they had secured the points. However, as the minutes ticked down Sheffield's world cup winning celebrations turned sour as Lemon managed to lob the 6'7" keeper from just inside the area and the Lambrini was put back on ice.

We have made a second signing in as many weeks with Oliver Norman joining us from Harrogate Railway. Hopefully the 19-year-old attacking midfielder will continue his sparkling form of three goals in four games.

Whatever the result today, we hope you enjoy your stay at Bracken Moor and have a safe journey home.

Cheers - ED

## NEXT HOME GAME

TUESDAY 6<sup>TH</sup> SEPTEMBER. KICK OFF 7:45PM

## LONG EATON UNITED

## CHAIRMAN'S WELCOME:

Good afternoon and welcome to our visitors from Atherton Collieries FC we hope you enjoy our facilities at Bracken Moor today.

Last Monday's game at Sheffield was far from a classic but taking into consideration the tough games that came before, with extra time against Prestwich and a hard-fought game against Stockton on the Saturday, which we were unlucky to lose, it's not surprising we weren't at our best. But it once again showed the character of the side to keep going right up until the final whistle.

There have been lots of posts on social media recently regarding the poor quality and value of food at some football grounds. Here at Bracken Moor, we have had the opposite response with many plaudits for the standard of our pies etc. It is something we have worked hard on to make your experience on matchdays better I would like to thank Jacqueline, Ann and John for all their hard work in the tearoom.

Something else we are promoting along with the FA is fan behaviour. The FA have issued several publications recently stressing the need to behave correctly at games. We have posted on our social media sites and in the programme, what is expected of fans in our ground. We want the matchday experience to be an enjoyable and safe environment for all so please help us to achieve it.

Thank you for your continued support enjoy today's game and have a safe journey home.

Graham Furness

Chairman

## STEELS SUFFER LAST MINUTE HEARTBREAK!

### MATCH REPORT BY ADAM ALLCROFT

Stocksbridge Park Steels suffered their first loss of the season after a last-minute winner from Stockton Town. The Steels took the lead when Elliot Murray headed in a from kick. Stockton got a quick equaliser as Mikey Roberts scored from close range. Stockton then won the game in the last minute from a Roberts header.

Stockton started off the better as they looked to get an early lead to continue their perfect start to the season. They weren't too far off when Nathan Mulligan hit a half volley towards goal but it would be comfortably saved by Harrison Davison-Hale. The better chance came later when the ball fell to Elliott Beddow in the box, but he sliced hit shot and it went well wide. Stocksbridge took their time to grow into the game but eventually got a massive chance to take the lead. Kurtis Turner got the ball down the right wing and sent a low cross into the box. It went under Callum Roberts and Ross Goodwin stretched to try and get to it at the far post but he missed out by just a few inches.

The Steels did get the lead though. A free kick was earned close to the right hand side of the box, and Tomas Poole has been emerging as a set piece expert in recent weeks. He whipped it in and Murray was able to peel off his marker to get a free run at the ball. He then headed it in to give Stocksbridge the lead. Stocksbridge were not ahead for long though as Stockton soon equalised. A corner was knocked to the ground in the box and it was an almighty scramble for the ball. Roberts was the first onto the ball and he was able to turn it in to get the game level.

Either side could have had the lead at the start of the second half. Firstly, Stocksbridge came close. Charlie Oglesby beat the defence to get a header off from a corner but a diving save from Roberts denied him his first goal. Not long after, Mulligan was teed up well but his volley went just wide with Davison-Hale looking beaten. Both teams would press for the rest of the game as either side felt like they could go on to win the game. Stocksbridge just couldn't get that final pass right, though Lewis Macaskill caused problems after he came on. Stockton were the ones with most of the possession though like Stocksbridge, they struggled to break through and make the chance to win the game.

In the end though while a draw may have been the fairest result, Stockton got the dramatic win. Stocksbridge struggled to get the ball after giving away foul after foul close to their own box. Eventually they were punished, with Mulligan whipping a free kick in for Roberts to head in his second of the game. Stocksbridge had no time to get back into the game and they slumped to their first loss of the season.

# ‘LOVE FOOTBALL. PROTECT THE GAME.’

## A message from Stocksbridge Park Steels about antisocial and criminal behaviour

As we commence the new season we want to make you aware of new measures being taken across all of football, and the NLS, to ensure everyone can have a safe and enjoyable experience. We are supporting strong action from the FA, and across the NLS to tackle antisocial and criminal behaviours that put all of us at risk.

Please remember the following activities are illegal, dangerous, have serious consequences and have no place in our game:

- Carrying or using smoke bombs or pyros
- Invading the pitch or entering the pitch without permission
- Throwing objects onto the pitch
- Drug use within the football ground
- Discriminatory behaviour

For everyone's safety, we will report anyone carrying out these offences to the police, which can result in a criminal record.

Anyone who enters the pitch without permission and those carrying or using smoke bombs or pyros will now receive an automatic club ban. These measures could also now apply to the parents or guardians of children involved in these activities.

This reflects the seriousness of the risks to fans and staff – pyros can burn at 2000 degrees Celsius and cause life-changing injuries, while entering the pitch endangers players, managers and match officials. It also impacts the hard working volunteers, who ensure that our special part of the game continues to run.

We know those who commit these illegal acts do not represent the majority of supporters. Please work with us to call out the risks.

## STEELS GO FOR UMBRO

The double-diamond comes to Stocksbridge.

The Club can confirm that it has entered an initial one-year partnership which will see Umbro become Steels main kit supplier through DB Sports based in Sheffield. Umbro had provided kits for the many famous clubs but never Stocksbridge. Steels will don the distinctive double-diamond again beginning in the 2022/23 campaign, while Umbro will also supply the Steels with replica and training wear through DB Sports.

Umbro will also be the main kit supplier for the clubs other senior sides including our U18's

Roger Gissing, the clubs commercial manager, said: "We are delighted to partner with Umbro for the upcoming season and beyond.

"Umbro has excellent credentials having created high-quality kits for clubs all around the world. We are looking forward to showing our fans the eye-catching, bespoke design Umbro has produced for the club.

"We have high ambitions as a club, and we know that Umbro will be the perfect kit to support us in pursuit of our goals. Many thanks to Dave Barker from DB Sports who has supported our club for many years with our kit and using Umbro through his company is just the next step in our long term partnership".

## STEELS SIGN FORWARD OLIVER NORMAN!

Stocksbridge Park Steels have completed the signing of Oliver Norman from Harrogate Railway.

The 19-year-old attacking midfielder has been part of the Leeds United and Bradford City academy before eventually being released by the latter. He would play at Tadcaster Albion for a short period before moving onto Harrogate Railway, a team he initially played for on loan. He started this season off in amazing form, scoring four goals in three games.

Now Norman, who also serves as a youth coach for Bradford, will make the move Stocksbridge. He will bring a different dimension to the way Stocksbridge play as well as being another player has plenty of potential to get even better.

## RESERVES IN LEAGUE ACTION

Our Reserve Team kick off their Sheffield and Hallamshire County Senior League campaign this weekend with a re-arranged game Vs Penistone Church Reserves at the Memorial Ground. This is due to today's FA Cup action at Bracken Moor. Next Saturday the team are away at South Kirkby Colliery with a 3pm KO.

## 40<sup>TH</sup> BIRTHDAY GIRL SPONSORS ELLIOT MURRAY!

After scoring his first senior goal on Saturday for Stocksbridge Park Steels, Elliot Murray has picked up a new sponsor too from Laura Towler!

Laura, who turns 40 today, is celebrating her birthday at today's match. The option for a weekend away or a day at the Spa was scuppered last week when Alex O'Connor set up today's FA Cup match Vs Atherton!

The perfect place to celebrate is here at Bracken Moor, hopefully with a Steels win!

Everyone at Stocksbridge Park Steels wishes you a Happy Birthday!

# THE LATEST COLUMN FROM THE NON-LEAGUE PAPER

EVERY season there are stories that stop you in your tracks and aren't forgotten. Often they come with a message that transcends well beyond the 90 minutes of action we are usually discussing.

This month football had just that following the scary scenes seen at Chippenham Town in their National League South match with Chelmsford City when Pablo Martinez collapsed.

For the Bluebirds chairman Neil Blackmore, the story has a simple reminder for clubs and all sport facilities – make sure you have a defibrillator for that situation you hope will never happen.

Like many clubs, Chippenham have the life-saving piece of equipment. Never did they expect to use it – especially on one of their own players.

But during the first half of their recent game with the Clarets, it became very apparent something was wrong when 21-year-old Martinez went down.

"It was a real shock – you just don't expect to see it," Blackmore told The NLP. I've been in football for a number of years and seen quite a lot of injuries. Broken legs, dislocated joints, cuts and things like that. As bad as they can be at the time, none of them are ever life threatening – or very rarely.

"But to see the club's doctor knelt over him doing CPR is really shocking and hopefully we never see it again.

"The way everybody reacted was fantastic. He collapsed and straightaway the physio and a team-mate, who is first aid trained, came onto the pitch and turned him over. Anton, the physio, said, 'He's stopped breathing'. Straightaway they started CPR. Our club doctor and paramedic ran on – a they got the defib out and gave him a shock and he came round first time.

"The emergency services were fantastic too. Literally within minutes we had two ambulances and a rapid responder and a few minutes later an air ambulance landed. I can't praise them highly enough.

"By the time he left in a land ambulance he was sat up and gave us a wave. He actually said to the doctor from the helicopter, 'Will I be OK to play on Tuesday?'"

Of course, that game came a bit too soon for the former Bristol Rovers defender but he was due to be fitted with an ICD (Implantable Cardioverter Defibrillator) like Denmark international Christian Eriksen and hopes are he will play again.

The fact this is a good news story is down to a lot of people. When the medical process swings into action, there can be positive outcomes.

And Blackmore said it has hit home quite how important a defibrillator is.

"It sits in the cupboard and it comes out once a year to be serviced," he said. "You don't think you're ever going to use it. That day you need it, you can't put a value on it. It saved Pablo's life.

"I would say to everyone, it doesn't matter if you're a sports club or not, if you haven't got access to a defib, please get one. Get some funding, get some sponsorship, get yourself a defib. They are really easy to use and hopefully it will sit in your cupboard and never be used. But that day you need it, it's an amazing piece of medical kit."

# OUR VISITORS TODAY – ATHERTON COLLIERIES

**FOUNDED: 1916**

**GROUND: The Skuna Stadium**

**CURRENT LEAGUE POSITION: 18<sup>th</sup> (NPL Premier)**

**LAST SEASON'S FINISHING POSITION: 19<sup>th</sup> (NPL Premier)**

Atherton Collieries were founded in 1916 by workers of the six local coal-mining pits, in order to help raise funds towards the war efforts, initially playing under the banner of Atherton Collieries Joint Association.

The club enjoyed steady success at a local level for the first few years of their existence, lifting ten Bolton Combination titles and a record six Lancashire Junior Shields in-between 1916 and 1965, alongside spending brief stints in the Lancashire Combination and Cheshire County Leagues.

In 1982, the Collieries were founding members of the North West Counties Football League, enjoying a stable existence for the next few decades, including lifting the Third Division title in 1987 and the Bolton Goldline Trophy in 2002. In 2006, the club made headlines through the discovery of young future international footballer Anthony Pilkington, who earned a move to Stockport County in the Football League following a historic hat-trick at FC United of Manchester.

After relegation into the North West Counties Division One in 2009, the club sought to renew their ambitions under the management of Ste Pilling and then Michael Clegg. Under the stewardship of Clegg, the Black & Whites won promotions in 2015, 2017 and 2019 to climb from the North West Counties bottom tier into the top division of the Northern Premier League, alongside a historic FA Vase run in 2017, and further successes in the 2015 Bolton Hospital Cup, 2016 NWCFL League Cup and 2018 NPL League Cup.

Now under the management of club icon Bradley Cooke, the club are settling to life at the highest level of football in the history of both the club and the town of Atherton. Following two pandemic disrupted seasons, the Collieries comfortably secured their status in their first full season in non-league's third tier, with a remarkable defensive record ranking fifth in the division, and never conceding more than two goals in a single game throughout the season.

# OUR VISITORS TODAY – ATHERTON COLLIERIES

The Black & Whites remain ambitious to further cement their place within the Northern Premier League hierarchy, with a nucleus of exciting, young and high-potential footballers in the first team squad, and tireless efforts away from the pitch to continually improve the Skuna Stadium facilities, powered by a strong community spirit within their ever-growing fanbase.

The coal miners who founded this club 106 years ago would be proud of how much the Colls have achieved in recent times. Who knows how further Collieries can go with the support of the local community?

## ATHERTON COLLIERIES – PEN PICS

### Danny Lafferty

Having first played for the Colls in 2009, 'Laffs' is a commanding centre-half who has become a true leader for the Colls over recent seasons, earning the captains armband following over 250 appearances for the club.

### Gareth Peet

A bonafide Black & Whites legend, Gaz Peet holds the club appearance record with almost 400 competitive appearances for the Colls since his 2010 debut. A tricky wing-back with a killer eye from free-kicks.

### Marcus Cusani

Marcus first played for the Colls in 2018, before embarking on successful stints with Warrington Town and Ashton Athletic. A powerful forward with good technical ability.

### Oli Roberts

Oli became a popular player for the Collieries during his first stint between December 2018 and October 2019, reaching 26 appearances for the club during this time, playing a key role as the Colls lifted the NPL Division One North before scoring a historic winning goal on our Northern Premier League debut. An experienced leader in midfield who represented Trafford and Colne during his time away from the club.

Foundation

*Providing Screening and Defibrillators to  
prevent Sudden Cardiac Death in the young*

**The Daniel Wilkinson Foundation is a charity set up in memory of Daniel Wilkinson who died in 2016 aged 24, while playing the game he loved, from an underlying heart condition called Arrhythmogenic Right Ventricular Cardiomyopathy (ARVC).**

Dan played football from an early age and joined Hull City AFC when he was 10, earning a professional contract aged 18. Loughborough University followed where he completed a degree in Accounting and Financial Management while playing non-league football. He was an athlete who enjoyed the gym and took his health and nutrition very seriously. He lived life to the full and had so much ahead of him.

**Other than feeling light-headed on a few occasions in the month before he died, he had no symptoms!**

## SUDDEN CARDIAC DEATH IN THE YOUNG (SCD)

- SCD is the leading cause of death in young athletes during sport and the majority of deaths occur with NO SYMPTOMS or family history.
- ARVC can be found in one in every 1,000 to 5,000 young adults - IF IT IS LOOKED FOR.
- Warning signs may include light-headedness, fainting, palpitations, swollen legs, breathlessness.
- Every week in the UK, 12 apparently fit and healthy young people (aged 35 and under) die from previously undiagnosed heart conditions.
- In Italy, where screening is mandatory for all young people engaged in organised sport, they have reduced the incidence of young sudden cardiac death by 89%.

## OUR MISSION

The Daniel Wilkinson Foundation has been set up to raise awareness of SCD and to provide funding towards heart screening, defibrillators and CPR/defibrillator training primarily for grass-roots sporting teams.

**Tragedies can be prevented through cardiac screening. It is vital that young people are identified and treated.**
